**BRI CHANUKAH TIDBITS**

There is a well-known question raised by the Beit Yosef: why do we light Chanukah candles for 8 days?

If the jug of oil found was enough for one day, if so the miracle only lasted 7 extra days and not 8?

Reb Efraim’l, one of the great Breslover Chassidim in the previous generation, explains that the very fact that the miracle came from a natural cause shows that nature itself is also a miracle and within Hashem’s Providence.

To turn our minds to recognize the fact that everything is under God’s supervision, even what seems to us to be natural and mundane, is already a huge miracle.

That is why we also celebrate the first, initial day.

May we shine this realization into every day of our lives, in the merit of the Chanukah candles, Amen.

Have an uplifting Shabbos, Chodesh Tov, and a *freilichen* Chanukah
