written by Chaim Kramer
January 8, 2023

In this week's Torah video, Reb Chaim Kramer talks about the importance of names (including yours); how the Torah is ongoing throughout history, including the current situation with Israel, the UN, and the Palestinian Arabs, Jerusalem and the West Bank; the Egyptian exile and the bitter oppression the Jewish people endured; how we deal with our difficulties; how to cope with burning questions; our desires are a type of bondage; who was Moses on a deeper level; how Hashem helps us, and so much more, all in Chaim Kramer's unique style.
