Come let's celebrate Lag Ba'Omer together!

Can't make it to Meron? We'll bring the light of Rebbe Shimon to you.

Learn the answers to your questions:

What is the secret behind the unique joy of Lag Ba'Omer?

How can each one of us forge a connection to Rebbe Shimon bar Yochai?

What is the connection between the souls of Rebbe Shimon and Rebbe Nachman of Breslov?

And more interesting and varied topics about the hilula, the celebration in memory of Rebbe Shimon, and the trip to Meron...

Breslov Research Institute is happy to present to you a special program with the most relevant lessons, delivered by the very best teachers in Breslov.

It's no accident that the introduction to Likutey Moharan begins with Rebbe Shimon bar Yochai, and goes on to explain the secret for exiting galus, exile.

It's no accident that the numerical value of Rebbe "Shimon ben Yochai" is equivalent to Rabbenu "Nachman ben Simcha"!

It's no accident that the public celebration in memory of the saintly Rebbe Shimon this year), and the public celebration in memory of Rabbenu Zal (in the coming year), occur on the same day of the week as Purim (this year – and that's how it is every year), the day that Rabbenu Zal refers to as the beginning of the Redemption, the geula (see Kochvei Or, Chochma U'bina).

Don't miss this special program. Bring your friends, too!

In addition, as a special treat, you can download the prayers on Lag Ba'Omer, free of charge.

And may it be the will of Hashem that we merit seeing the true Redemption and the coming of Mashiach in the Holy Land, speedily in our days. Amen!
