

Emergency Pesach Campaign – Last Chance!

written by Chaim Kramer
April 13, 2022

Dear friends and acquaintances, Shalom.

I wanted to share with you that the Passover campaign was more successful than we expected.

You have increased the amount of your caring and benevolent support and we have already passed our campaign goal from previous years.

Today (Tuesday 11th of Nissan), we have already distributed \$143,000 to 370 needy families!!

We added large sums of money to new recipients from the older Breslov communities (e.g. Jerusalem), and this year we also

sent assistance to newer communities that we did not reach in previous years in the south and north of Israel – Ashdod, Netanya, and Tzfat.

These families received joy and happiness from us, thanks to you!

We are now nearing the end of the Pesach campaign for this year.

We have 48 hours left to finish.

There are additional families begging us to get holiday assistance.

The next few hours are critical for these families.

Should we send them away empty-handed?

We are extending ourselves for the next last 48 hours of the campaign which will determine what the holiday and Seder night will look like in the home of these last families waiting for your help.

This is your last chance to give them this year.

If you have not yet given for any reason, and even if you have given, you can still add to your “Cart of Mitzvos”.

And in no doubt Hashem, Blessed be He, will add more and more to you.

With a little more effort we can reach the goal we wanted to reach this year: 500 families.

Just a little more support and we win together that the holiday joy can and will spread throughout the Land of Israel.

In these last important moments we can strive together and reach our goals:

Support a Family for the Seder Night: \$360

Support a Child for the Seder Night: \$148

Matzah for a Seder: \$72

Wine for a Seder: \$36

Make your donation right now by clicking [HERE](#)

or by calling any of these numbers:

WhatsApp: +1 (845) 945-8071

+1 (516) 234-6559

And in the merit of this precious mitzvah may you gain the freedom, health, contentment and Divine protection that we all so desperately need in this difficult time, as our sages have taught: "If you make mine happy, I will make yours happy."

Wishing you blessings from the bottom of my heart,

Chaim Kramer
