written by Yossi Katz

June 23, 2011

The Breslov Research Institute has decided to go in a whole new direction with our weekly emails. For the first time this week we have published the new Pathways Weekly Newsletter – a weekly publication for print! It includes a weekly Dvar Torah by Ozer Bergman, Parsha Pearls by Chaim Kramer, a weekly story or saying and a piece from the Kitzur Likutey Moharan. This new format will allow you to take it along with you wherever you may be. Please feel free to place it in shuls and all other public places. We hope you enjoy.
