We were privileged to contribute to an excellent free booklet about the Breslov approach to Elul, the month proceeding Rosh HaShanah, where Jews around the world prepare themselves for this day of judgement. This booklet was put together in English with the aim of inspiring us all to a more meaningful and inspiring Elul.

It is now available for free download.

The booklet includes essays from some of today's leading Breslov mshpia's: Reb Yitzchok Myer Morgenstern, Reb Kivak, Reb Ozer Bergman, Reb Chaim Kramer, Reb Eleazer Kenig, Reb Shalom Arush, Reb Kluger, and more.

At the end of the booklet one can find "Breslover Minhagim for Elul" a fascinating collection of minhagim and their sources from Reb Dovid Sears.

May these words of encouragement and inspiration bring us, those we share them with and all of Klal Yisrael to a more inspiring Elul, a teshuva shleima and thus the binyon bait hamkidosh speedily in our days, amen.
