Series: Human Self-Creation with the Kabbalah of Rebbe Nachman

“I need to speak with the Tzaddik!”

In this concise but elegant Torah, Rebbe Nachman assures us that that the process of communication between the Tzaddik and his followers never ends. The essence of the Tzaddik can be readily accessed and integrated into our lives, long after their passing. Learning how to learn and how to view learning is a key to unlocking the riches of the Tzaddik’s wisdom.

Ideas discussed include:

1. Human Creativity

2. The Tzaddik's Image: Countenance, Intellect, and Soul
3. Pursuing Truth
4. Memory and Forgetfulness
5. Levels of Learning: Child, Elder and Servant
6. Black Fire and White Fire
