

Jerusalem, Israel, And The Field Of Prayer

Dovid Mark explains the connection between the field we enter into during the month of Elul to pray to HaShem and the Land of Israel.

The Land of Israel and Jerusalem are the center of the world. There the Divine Presence is felt in a more open and organic way. We are all after a gateway back to who we can be and we want to be, but this world with all of its tests and setbacks leaves us yearning for a true path back. When one yearns for the redeemed Land of Israel and Jerusalem, they enter the supernal field, the place where our prayers are answered –

where come face to face with the Creator.

The Jewish New Year is almost here and the Land of Israel awaits for those of us who are ready to stand in the field and speak with the Creator.

Are you ready?
