

Podcast: Clinging to Truth and Restoring Order to Our Universe

written by Dovid Mark

The Redemption is based on truth. Ultimately the Moshiach will reveal God's truth to the world. It is our job to cling to this truth and flip the world back to the order it was in before the fall from Gan Eden.

This task may seem arduous, but it is required. We must nullify ourselves to the will of the Creator and cling to his truth and make it ours – flipping the lack of order we all sense in our lives to the order we yearn for.
