Behind the extensive library of the Breslov Research Institute lies a secret: one man and a tape recorder. Rabbi Zvi Aryeh Rosenfeld, zt"l, brought Rebbe Nachman's teachings to the English-speaking world in the mid-twentieth century. His reel-to-reel and cassette tapes captured his insights, laying the foundation for the Institute, which published over a hundred titles sharing Rebbe Nachman's teachings worldwide. "Rebbe Nachman's Soul" revisits Rabbi Rosenfeld's classes on Sichos HaRan, where he delves into the deeper meanings of Rebbe Nachman's teachings, offering practical advice for living with faith, joy, and simplicity. His vast Torah knowledge, humility, and unwavering belief in Rebbe Nachman shine through each lesson.

The Breslov Research Institute is thrilled to announce the completion and imminent release of four magnificent volumes of "Rebbe Nachman's Soul." We invite you to be part of this historic milestone by contributing a dedication, celebrating this unparalleled achievement and honoring the timeless wisdom of Rebbe Nachman. Join us in commemorating a legacy that continues to illuminate hearts and minds worldwide!

To choose a Sichah, hover over the number (or tap on the number on mobile), and the title will show up. All Sichos cost a total of \$360, payable in up to ten installments, except for a few Transformational Sichos, which cost \$1,800. Each participant in a Sichah receives a small dedication in the

book and the entire set (four volumes) as a gift, valued at \$110.
