

# Rebbe Nachman's Wisdom – NEW Edition

Rebbe Nachman left behind a wealth of lessons, aphorisms and parables to guide future generations on their spiritual path. But we would never know the man behind the teachings were it not for *Shevachey* and *Sichot HaRan*, the *life* and *conversations* of Rebbe Nachman. Compiled by the Rebbe's closest disciple, Reb Noson, these works show us Rebbe Nachman at his most simple and direct – talking informally with those who were closest to him, giving practical spiritual advice to those who came to him for guidance. Often, as his apparently mundane conversations unfolded, he was led to some of his greatest revelations and teachings.

*Rebbe Nachman's Wisdom*, the English translation of *Shevachey* and *Sichot HaRan*, remains one of the most important books of Breslov. It was also the first to be translated into English in 1973, thanks to Rabbi Tzvi Aryeh Rosenfeld, the leading Breslov educator in the United States, and Rabbi Aryeh Kaplan, who produced its lucid translation. Its publication opened the door to more Breslov translations and the founding in 1979 of the Breslov Research Institute, which has brought Rebbe

Nachman's wisdom to all corners of the globe.

This second revised edition of *Rebbe Nachman's Wisdom* retains the flavor of the original while adding many useful new features. The book has been completely re-typeset with an elegant font and appealing page design. New page headers allow the reader to quickly locate each numbered lesson. Errors and missing lessons in the original have been corrected, and footnotes have been reduced by incorporating shorter citations directly into the text. A full index and glossary of Hebrew terms has been added. This edition also introduces a daily division of the text for readers who wish to study short passages on a daily basis.

Rabbi Kaplan's wonderful translation shines through, making this classic Breslov work accessible to contemporary readers. For in *Rebbe Nachman's Wisdom* you will come face to face with Rebbe Nachman himself, and hear from his lips the best way to succeed in your own spiritual journey.
