May 30, 2013

My daughter's surgery is now over and went well. Thanks so much for all of your prayers.

My wife had her surgery yesterday and barukh HaShem it was successful. We have to wait 10-14 days for full biopsy report but everything looks fine as of now. Thank Y, the One HaShem for Your kindness and thank you all for your prayers, concern and compassion. May HaShem bless you all with good health, financial success and spiritual growth.

On another note, tomorrow, Thursday, my daughter Zivia Adil bat Gita Ginnedel has a scheduled surgery for removal of a cyst in the neck area. We would certainly appreciate more prayers for her, too.
