Dear Friend,

For close to a decade now, we've had the great zechut of running the Uman Kollel. The idea was to provide a warm, familiar venue where the thousands of Americans coming to Uman would be able to hear about and understand the purpose of making the trip to Uman for Rosh HaShanah.

Last year, we were brokenhearted when the obstacles proved overwhelming and it was almost impossible to hold the holy kibbutz. Obviously, there were no shiurim.

For this reason, we had the idea of bursting forward this year and greatly increasing the learning. We also decided to add something new: learning with study partners. The learning in the Uman Kollel will take place from Thursday evening and

through erev Rosh HaShanah, from morning to evening, non-stop. At times when there are no shiurim, there will be learning sederim around the clock.

The graphic features a central group of ten men, including several with long white beards and traditional Jewish attire like hats and suits. Above them is a large, glowing blue and purple circular graphic with the text "UMAN BRI Kollel" in a stylized font. In the top left corner is the logo for "Breslov.org" with the tagline "Discover Rebbe Nachman's Life-Changing Wisdom". In the top right corner is the logo for "Breslov Research Institute" with the Hebrew text "מכון נחלת צבי". A red banner at the bottom of the graphic contains the text: "You've got questions, we've got answers. the world's greatest treasure: Rosh HaShanah with Rebbe Nachman". Below the banner, it says "The Kollel will take place at the tent on Perovsk 3".

We take this opportunity to ask you to participate in this holy endeavor and help us make all this possible. The costs are especially high and we need your help.

Sponsor a day, a shiur, or whatever you can to help us spread Rebbe Nachman's light in the world.

If you were already in Uman in the past, you know exactly how vital and important this initiative is, and we're certain that you'll want to take a part. But even if you haven't yet been in Uman, you can still partner with us and we will mention your name in prayer. Press [HERE](#)

Wishing all a good, sweet year, a year of genuine redemption!
